Who Got Shot.

The above is the all absorbing question that is being asked in Paris at this time. To head off the question, that is being asked us about seventy-five times a day, we will give all we know about it. About two weeks ago two pistol shots were heard on High street, between Fourth and Fifth, a little after midnight. The report then started that some girl had shot a man, and that he had been spirited away to a hospital, where he is now severely wounded. The latest report is that a certain married lady of the city was talking to a certain married man, at the time and place named, when the husband of the lady came around the corner and opened fire. It is further reported that one of the shots took effect in the man's arm and it will probably have to be amputated. This is all we have been able to find out, and leaves the question of "Who Got Shot?" for some of the knowing ones to answer, as we have been told by several they knew who the man was, but did not know who did the shooting. Guess who!

A Bold Dash For Liberty.

Herbert Gatewood, a bad Mt. Sterling negro, who was doing time at the county work house, in East Paris, managed to free himself from his ball and chain Saturday and made a bold dash for liberty. Guard A. G. Savage fired at the fleeing negro, but he did not stop and is now at liberty. This is the second time Gatewood has made his escape from the work house. He came to Paris during the summer and participated in a running fight one Sunday afternoon on South Main street, for which he was given four months at hard labor. After serving part of the sentence he made his escape, being recaptured a short time ago in Clark county. In Judge Smith's court Friday he was given an additional fine of \$80, which added to his unexpired term, would have kept him in jail for nearly six months. Gatewood is a dangerous negro, and will likely offer resistance to any officer who attempts to arrest him.

Line From Paris to Mt. Sterling.

John T. Collins, W. A. Thomason, of North Middletown; Henry A. Power, of this city, and Younger Alexander, of Lexington, were before the Montgomery Fiscal Court, Saturday, asking for the right of way to build an electric line from Paris to Mt. Sterling, along the Sideview and Paris turnpike. They are also asking for right of way in Mt. Sterling. The court took the matter under advisement, but it can be stated authoritatively the rights of way will be granted.

When this is done work on the road will at once begin. A power house will be built at Paris, North Middletown and Mt. Sterling, and the road will be about thirty miles.

The men named compose the company. They were reluctant to discuss plans for publication at this time, but it is understood that they have sufficient backing to build the road. This looks very much like business and we will yet have this much-needed road.

Judge Cantrill Much Improved.

It is reported that Judge James E. Cantrill, of the Court of Appeals, feels that he has sufficiently recovered to assume his duties on the bench and that he will go to the Capital this week to begin work. Judge Cantrill was stricken with paralysis about a year ago and has never been in a state of health to warrant him in taking hold of his duties. His family thinks now that his health will permit him to go to work, and hence the determination for him to go to Frankfort.

Paris, Ky., Tuesday, November 21, 1905.

NATURE has done her best this year to supply us with every
element of contentment. She has given us an ideal season, in-
comparable crops and everything that the heart can reasonably
wish. We should be the happiest people on earth. Nothing
mars the scene but the conduct of man himself. The grafting
exposures and other evidences of the fell spirit of greed are the
only things that cast a cloud over the scene and disturb the gen-
eral joy. What a heritage we have if we were only worthy of
it and what a glorious country this would be if all men could
learn and practice the simple lesson of doing right and loving
mercy. "All save the spirit of man is divine," wrote Byron
mournfully as he tried to picture an elysium of delights.

PRESIDENT McCURDY's sacrificial act in reducing his salary
from \$150,000 to \$75,000 recalls the fact that President Morton,
of the Equitable Life, sometime since made a cut in his annual
stipend from \$100,000 to \$80,000, but we have not seen any
notice that President McCall, of the New York Life, has marked
himself down from \$100,000. If the people who buy insurance
were to generally resolve that they would not insure in a com-
pany extravagant enough to pay any one a higher salary than is
allowed the President of the United States, \$50,000, we believe
the result would be a general scaling down of these enormous
salaries, which would redound to the benefit of policy holders.

It is apparent from the recent election returns that the
municipal ownership sentiment is growing in every section of
the country. There can be no doubt that there is to-day an
overwhelming sentiment in favor of the collective ownership
and operation of what are called natural municipal monopolies.
It is impossible to have competition in lighting, in heating or in
street car service, and the private ownership of these franchises
not only leads to corruption in city government, but results in
high rates and the accumulation of great fortunes for which the
people at large receive no adequate return.

THE smart fellows are publishing tables giving the vote in
race for United States Senator, and all the tables seem to be
against Senator Blackburn. Not one word of it do we believe
and they will have to show us when the Legislature meets.
They are no doubt counting a number of Representatives like
McKnight, of Mason, who declares he is for Blackburn, notwith-
standing the "machine" had him counted for Paynter.

WE have received a souvenir supplement of The Cynthiana
Log Cabin, which speaks volumes for the enterprising editor,
Mr. J. T. Wilson, and his corps of assistants. It is one of the
handsomest editions of this kind ever gotten out in Kentucky.
The edition makes a good showing for our neighbor city, and
also shows by the splendid work of the printers that Cynthiana
has an up-to-date printing shop.

DURING the Ohio campaign Senator Foraker said: "The
proposition to give the power of making rates to the interstate
commerce commission is a democratic measure. The Republi-
cans refused to put that plank in their platform."

The people of Ohio appear to have taken Senator Foraker
at his word. They have, by an overwhelming majority, en-
dorsed the Democratic measure.

THE "heads I win, tails you lose" game, the "three card
monte" shark and the man who manipulates the three shells
and asks you to guess where the little ball lies—all of them
could secure valuable pointers from the eminent gentlemen who
have been managing the big life insurance companies.

It is a curious fact that the further we get away from the
war the larger grows the list of pensioners. There is a deficit
this year of \$3,500,000 in the appropriations to meet this de-
mand, and it will be safe to say that it will be still larger next
year.

SOCIALDOM.

—Mr. and Mrs. J. M. Hall entertained the Past Time Euchre Club Friday evening at their handsome home on Duncan avenue with a six hand euchre party. The guest of honor was Mrs. John Young Brown, of St. Louis, who is pleasantly remembered as the beautiful and charming Miss Cora South, who reigned a belle in Kentucky before her marriage. Mrs. Brown wore a handsome gown of white and Mrs. Hall was handsome in blue chiffon. Silver pitchers and vases of huge lavender chrysanthemums added much to the beauty of the other decorations.

After the prizes were awarded, dainty lunch was served. Mrs. W. E. Board won the ladies' first prize, a handsome painted mayonaisse dish, and Mrs. Wm. Whose Baby?

Right on the heels of the question "Who Got Shot?" comes the above question for the curious to unravel. On Sunday afternoon, a five or six months old child was found in a tin bucket a short distance up Houston creek in the city limits. The dead child was perfectly formed and had evidently only been put there a short time before. After guessing "Who Got Shot?" you will have another guess coming, "Whose Baby?"

Only One Supervisor Says Big Court.

The Court of Appeals, Friday, Judge Settle writing, and the whole court sitting, affirmed the judgment of the Fleming Court in a case of Fleming County Fiscal Court against W. F. Howe, County Judge, in which it is held that, under the general road law, the Fiscal Court of a county has authority to appoint a Supervisor of Roads, but not more than one such officer for a county. In the case at bar the Fiscal Court had appointed six Supervisors for Fleming county.

The opinion of the court is of much importance, as in many counties of the State, more than one Supervisor is engaged. Bourbon now has three.

Thanksgiving Proclamation.

Gov. Beckham issued his Thanksgiving proclamation Friday morning, which is as follows:

"In accordance with custom, and following the proclamation of the President of the United States, I appoint Thursday, November 30, as a day of thanksgiving and prayer throughout the Commonwealth of Kentucky.

"I request that all business be suspended upon that day and that all of our people, with due observance of this hallowed and beautiful custom, give praise and honor to the gracious God, who has blessed us as a nation and as a people. Let us give thanks unto Him, not alone with the usual religious ceremonies, but especially with deeds of kindness and generosity to the poor and needy among us, more expressive of gratitude and more pleasing to Him than all else we can do. In the plenitude of our country's wealth and prosperity, in the marvelous progress it has made under Christian civilization, let us remember that the Divine Teacher has told us in speaking of the virtues 'The greatest of these is charity.'"

Girls Betrothed At Birth.

In some parts of West Africa the girls have long engagements. On the day of their birth they are betrothed to a baby boy a trifle older than themselves, and at the age of twenty they are married. The girls know of no other way of getting a husband, and so they are quite happy and satisfied, as wives they are patterns of obedience, and the marriages usually turn out successfully.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at Oberdorfer's drug store.

Saved By Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. Kings New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Might Have Been An Englishman.

It is a fact little known that at one time Napoleon was sought for the English army. In 1794 when Bonaparte was twenty-five, Lord Hood drove the French from Corsica, setting up Paschal Paoli as the President of the Assembly.

Paoli was a close friend of Bonaparte and urged him to enter the English army, representing that his standing would enable him to secure a commission for his friend.

Napoleon refused, preferring to cast his lot with the French, whose language he spoke. His action cost him the friendship of Paoli, who never forgave him for what he considered a wasted opportunity.

Thanksgiving Tips In Tableware.

"Tableware for Thanksgiving"—that's our text to-day; and a very interesting one it ought to be to many a housewife. Of course, you always find it necessary to buy a few new Dishes for Thanksgiving Dinner. The tableware requirements of the day are large, for there is more to eat than usual and in most homes more people around the board than usual. So most of you, when you come to take an inventory of your China closet, will find a few wants that must be supplied if the table is to look right.

To fill these Tableware wants the wise woman will hie herself straight to The Fair, the home of the most, the best, and the lowest priced in Tableware. There isn't any possible Tableware want that cannot be filled from our ample stocks and at a price that constitutes a real advantage to the buyer.

Note, for instance these sample prices on China and Glassware of the most desirable sort.

THE FAIR.

A Freak Cat.

The Danville Advocate gives us the following good cat story: "Col. Ike Durham is the owner of a cat that is probably the only one of its kind in existence. When Col. Durham moved to his present residence on the Perryville pike from the West End the cat followed, and although forgotten, the animal showed up the next day after the family was settled in their new home Col. Durham is a great believer in catching rats by means of steel traps, and if there are any rodents around his place he soon cleans out. The cat, unfortunately, lost a foot in one of these traps at the

old home, and after moving closer to town lost another in the same manner, and is now the possessor of only one front and one hind foot. Although greatly handicapped in this manner he seldom lets a day pass without catching a rabbit and bringing it to the house."

Will Case Compromised.

Announcement was made at the opening of court at Versailles, Wednesday, that the Frank B. Harper will case had been compromised by the parties of the suit. This promised to be a sensational case. The amount involved was \$175,000.

Home Made

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

AMUSEMENTS.

—The production of "Parsifal" at Lexington, on Monday and Tuesday, Nov. 20 and 21 may be considered the most important event in the dramatic history of the city. Through the enterprise of Messrs. Martin & Emery, under whose auspices the great festival play will be presented, the principal cities throughout the country are given the opportunity of witnessing the masterpiece of literature which the ablest cities of the east have pronounced in all respects deserving of serious attention and the sincerest commendation.

Herr Conried's spectacle may be more in exact compliance with the festival conditions which surround the production at the Baireuth "Temple," but it never-the-less remains a foreign work, foreign in language and therefore in spirit. But Messrs. Martin & Emery by having the mystic play presented in English virtually transplants it to our soil, and with this presentation marks the commencement of a new era in our artistic growth. For with this most difficult of all modern dramas adequately given in English, and made successful, there is no reason why any other of the masterpieces of literature should not be similarly treated.

Matinee will be given Tuesday.

A Money Saver.

Don't buy your heating stove until you have examined the Oak Anchor smoke and gas consumer. These stoves will burn either hard or soft coal, coke or wood, and will only use half the amount of other stoves.

COMMUNICATION FROM CLARKE & CO.

They Offer to Refund Money if Hyomei Does Not Cure Catarrh.

TO THE EDITOR OF THE NEWS:

We have been asked recently if the advertisement printed in your columns regarding Hyomei were true, where we offer to refund the money if this treatment does not cure catarrh. We wish you would print this letter in as conspicuous a place as possible in your paper, saying that we absolutely agree to refund the money to any purchaser of Hyomei outfit if it does not cure catarrh.

This outfit consists of an inhaler of a convenient size to be carried in the vest pocket so that the user can breathe Hyomei four or five times a day. With this is included a medicine dropper and a bottle of Hyomei. The outfit sells for \$1.00 and it is a most economical treatment, for the inhaler lasts a lifetime and there is enough Hyomei for several weeks' use, while extra bottles can be obtained for 50 cents.

We trust this letter will settle any doubts that may have arisen as to our willingness to refund the money for a Hyomei outfit, in case the purchaser is not perfectly satisfied.

We wish to state emphatically that our guarantee on Hyomei holds good, and we will refund the money to any dissatisfied purchaser who simply states that he has used the treatment according to directions and not been helped.

Respectfully yours,

CLARKE & Co.

How the Gases are Burned in Buck's Hot Blast.

Note the upper draft in this stove where the fire pot is supplied with heated air instead of through the lower drafts (the open one) used in most heaters.

That's how the gases are mixed with oxygen directly over the fire. The gases do not escape on the flue.

We also handle the great 20th Century Heater. The Buck's and 20th Century Heaters are the two best made—don't buy until you see this line
